This past year was a significant one in the lives of the Haases. In the early part of 2015, Mickie died, ending a wonderful long life of giving in so many ways. This past summer, Rudy donated to the Municipality of Chester more than 100 acres of land between Beech Hill Road and the Gold River. And, most recently, Rudy was finally awarded the Order of Nova Scotia. The Chester Garden Club and the Friends of Nature wish to honour this couple by rededicating the expanded area in the Cove Garden that was originally dedicated to them in September 2011.
